

ELPAC Electronic Score Reports – Parent Access Directions

To access the **ELPAC Electronic Score Results** in PowerSchool:

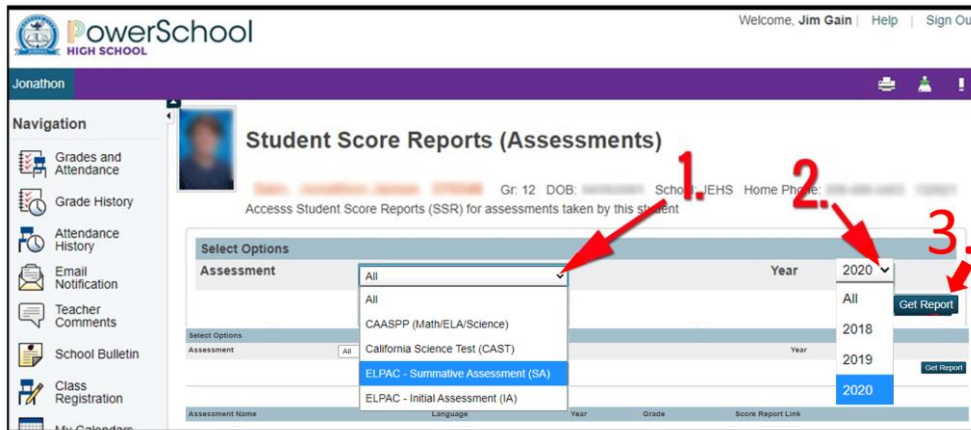

1. Navigate to the [MCS PowerSchool Login](https://www.mcs4kids.com/district/powerschool) page (<https://www.mcs4kids.com/district/powerschool>) and *login with your parent account. *If you do not have a PowerSchool parent account, please see the **Parents – Getting Started** instructions section at the above link.

2. On the landing page for your student, look for the **'Score Reports'** link along the lower left navigation column. You may need to scroll down towards the bottom to see the link.

3. Use the drop-down menu to select the **'ELPAC Summative Assessment'** and **'Year'**, and then click *Get Report.

*If the loading window spins for a while and then disappears without adding the assessment information under the Assessment Name section, it means there isn't a report for that assessment and year.

4. Once the Assessment shows under the Assessment Name section, click the **'View'** link.

| Assessment Name | Language | Year | Grade | Score Report Link |
|-----------------|----------|------|-------|----------------------|
| ESA | Spanish | 2020 | 08 | View |
| ESA | English | 2020 | 08 | View |

5. The ELPAC results PDF file will load into whatever pdf file manager app you have set for your device.
