

MEASURE D BOND PROJECT LIST

This Bond Project List, which is an integral part of this proposition, describes the specific projects the District proposes to finance with proceeds of the bonds. The information contained within this Bond Project List includes the list and description of permissible projects and expenses that may be paid from bond proceeds, and where such projects may be completed.

Proceeds from the sale of bonds authorized by this measure shall be used only for the construction, reconstruction, rehabilitation, or replacement of school facilities on the Bond Project List. This includes the furnishing and equipping of said school facilities, or the acquisition or lease of real property for said school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

In order to meet all identified facility needs, the District intends to complete projects using a combination of funding sources. These sources may include joint-use funds, development impact fees, state funds (if available), and other available funds. The District will pursue state matching funds if and when they become available, and if received, they will be used for and mainly applied to projects on the Bond Project List or other high priority capital outlay expenditures as permitted in Education Code section 17070.63(c). While no specific project is dependent on the receipt of state funding for completion, approval of this measure does not guarantee that all projects on this Bond Project List will be funded beyond the local revenues generated by this measure. The District's proposal for the projects assumes the receipt of some state matching funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure.

Specific projects to be funded by the bond measure include, without limitation, the following:

- Improve security at schools by providing classroom intrusion alarms, video surveillance cameras, fencing, gates, access control systems, and safety locks on classroom doors and exterior lighting for student safety and other security measures;
- Update aging classrooms and District facilities, or acquire and rehabilitate existing facilities, including acquisition of property, to meet current fire and safety codes;
- Reconfigure or relocate existing programs and facilities to enhance security monitoring and access control on school campuses; Fix and/or replace leaking or deteriorating roofs;
- Install or repair fire alarm systems;

- Resurface playgrounds and asphalt play areas;
- Install or repair playground equipment and play surfaces;
- Upgrade cafeterias, food service and eating areas on school campuses, including updated kitchen equipment and appliances and installation of shade structures to protect students from sun and rain;
- Remove or replace aging portable buildings and classrooms;
- Replace aging, outdated and/or deteriorating utility infrastructure, electrical, lighting, plumbing, heating and ventilation (HVAC) systems;
- Repair or replace landscaping including irrigation and drainage systems, water supply lines, turf and vegetation;
- Create ADA-compliant access and safe pedestrian paths of travel at schools;
- Upgrade emergency communications and technology backup systems, signage and fencing;
- Improve student safety and traffic circulation by upgrading or providing additional school drop-off areas and parking lots, including the acquisition of real property where needed;
- Repair, reconfigure, replace and/or resurface sidewalks, parking areas and bus drop-off areas to improve safety and reduce traffic congestion;
- Upgrade restrooms on school campuses including flooring, wall and ceiling systems, fixtures and appliances;
- Install or replace school signage and marquees;
- Repair, rebuild, equip and furnish school sites in the event of unforeseen emergency.
- Perform code and regulatory compliance reviews for all school facilities and remediate non-conformance.

Projects listed may be completed at any and all elementary and middle/junior high school sites and facilities where such project is determined by the Board to be necessary or required, and projects are authorized to be performed at any and all of the following school sites:

Elementary Schools	
Beard Elementary	Lakewood Elementary
Bret Harte Elementary	Marshall Elementary
Burbank Elementary	Martone Elementary
El Vista Elementary	Muir Elementary
Enslin Elementary	Robertson Road Elementary
Everett Elementary	Rose Avenue Elementary
Fairview Elementary	Shackleford Elementary
Franklin Elementary	Sonoma Elementary
Fremont Elementary	Tuolumne Elementary
Garrison Elementary	Wilson Elementary
Kirschen Elementary	Wright Elementary
Middle /Junior High Schools	
Evelyn Hanshaw Middle School	Mark Twain Junior High School
La Loma Junior High School	Roosevelt Junior High School

Listed projects, repairs, improvements, rehabilitation projects and upgrades will be completed only as needed, and the listing of projects does not imply a particular prioritization among such improvements. Projects may be done in phases, based on Board of Education priorities. Listed projects may be completed at any and all District schools, sites and education buildings where such project is determined necessary.
