

MEASURE E BOND PROJECT LIST

This Bond Project List, which is an integral part of this proposition, describes the specific projects the District proposes to finance with proceeds of the bonds. The information contained within this Bond Project List includes the list and description of permissible projects and expenses that may be paid from bond proceeds, and where such projects may be completed.

Proceeds from the sale of bonds authorized by this measure shall be used only for the construction, reconstruction, rehabilitation, or replacement of school facilities on the Bond Project List, including the furnishing and equipping of said school facilities, or the acquisition or lease of real property for said school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

In order to meet all identified facility needs, the District intends to complete projects using a combination of funding sources. These sources may include joint-use funds, development impact fees, state funds, and other available funds. The District will pursue state matching funds if and when they become available, and if received, they will be used for and mainly applied to projects on the Bond Project List or other high priority capital outlay expenditures as permitted in Education Code section 17070.63(c). While no specific project is dependent on the receipt of state funding for completion, approval of this measure does not guarantee that all projects on this Bond Project List will be funded beyond the local revenues generated by this measure. The District's proposal for the projects assumes the receipt of some state matching funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure.

Specific projects to be funded by the bond measure include, without limitation, the following:

A. PROJECTS TO PROVIDE UPGRADED SPACE FOR INSTRUCTION AND SUPPORT 21ST-CENTURY LEARNING

- Replace portable classroom buildings with permanent classrooms;
- To accommodate 21st-century learning methods, acquire sites and construct, furnish and equip and/or renovate, modernize, upgrade, repair, replace:
 - Classrooms and buildings, including relocatable or modular building
 - School libraries
 - Middle/junior high school art and music spaces and venues
 - Athletic fields, hard courts, and play areas

- Multipurpose rooms, auditoriums, gymnasiums and locker rooms
- Food service facilities, community centers, meetings spaces, custodial spaces, workrooms, administrative offices and parent/student support service areas
- Update building exteriors by painting and repairing and/or replacing siding and heating and ventilation systems (HVAC);
- Replace doors and windows;
- Update and/or renovate classrooms by repairing and/or replacing flooring, ceiling tiles and casework, re-painting and updating electrical systems;
- Improve outdoor athletic spaces including fields and hardcourts with updated equipment, fencing, lighting, backstops and playing surfaces;
- Install new or replace deteriorating campus fencing and gates;
- Repair and/or update special education indoor pool at Sonoma Elementary including pool infrastructure, exhaust systems, chemical controls, accessibility equipment and pool equipment.

B. PROJECTS TO ENABLE SCHOOLS TO MEET CURRENT ACADEMIC STANDARDS

- Build new or transform existing spaces to ensure functional science labs to meet District facility standards for elementary and middle/junior high schools, including purchase of safety equipment, appliances and systems, and building science equipment storage areas
- Upgrade/improve energy efficiency and install or replace energy conservation or generation systems (lighting, electrical, solar, geothermal) to reduce utility costs and accommodate District's increased usage of and demand for 21st century technology;
- Improve school site network infrastructure, which may include:
 - Upgrading and improving the routing and network aggregation capabilities for each site in order to support the larger numbers of concurrent network and internet connections;
 - Upgrading and improving the network access layer switching capabilities in order to support the larger numbers of devices on our school networks as well as supporting the higher speed requirements;

- Upgrading and improving classroom wiring for both wired and wireless data communication;
- Upgrading and improving fiber network cabling between data wiring closets.
- Acquire and install centrally manageable, networked loudspeaker/bell/clock systems;
- Provide updated classroom audio/visual technology; and
- Furnish classrooms, learning and support spaces with furniture, screens, bulletin boards, and window coverings.

Unless limited by express language in the Bond Project List, projects listed may be completed at any and all elementary and middle/junior high school sites and facilities where such project is determined by the Board to be necessary or required, and projects are authorized to be performed at any and all of the following school sites:

Elementary Schools	
Beard Elementary	Lakewood Elementary
Bret Harte Elementary	Marshall Elementary
Burbank Elementary	Martone Elementary
El Vista Elementary	Muir Elementary
Enslin Elementary	Robertson Road Elementary
Everett Elementary	Rose Avenue Elementary
Fairview Elementary	Shackleford Elementary
Franklin Elementary	Sonoma Elementary
Fremont Elementary	Tuolumne Elementary
Garrison Elementary	Wilson Elementary
Kirschen Elementary	Wright Elementary
Middle /Junior High Schools	
Evelyn Hanshaw Middle School	Mark Twain Junior High School
La Loma Junior High School	Roosevelt Junior High School

Listed projects, repairs, improvements, rehabilitation projects and upgrades will be completed only as needed, and the listing of projects does not imply a particular prioritization among such improvements. Projects may be done in phases, based on Board of Education priorities. Listed projects may be completed at any and all District schools, sites and education buildings where such project is determined necessary.
