SCHOOL TRANSFER OPTIONS
2019-2020

Modesto City Schools recognizes that students and families have unique educational needs deserving special consideration. Therefore, procedures have been established providing for the opportunity for students to attend a school other than the school where their residency has been established. The information below reflects guidelines allowing parents to enroll their children in District schools with available space, so long as certain requirements are met.

Intradistrict Transfer: Window January 14 - February 28, 2019

An intradistrict transfer allows a student to transfer from their school of residence to another school within District boundaries. This includes incoming 9th grade students from our feeder districts who live within MCS high school boundaries. Student requests must meet the following criteria:

- *Day Care (K-8 Only)
- *Student Welfare
- *Program Offering (Program not offered at school of residence.) Best method for high school students.
- *Change of Residence
- *Sibling Enrolled at Requested School

*Application forms must be turned in to the school of residence by the deadline. **Once students have been accepted on an intradistrict transfer, they need only to apply at the next level** (junior high, middle school, and high school). Students must maintain passing grades, good behavior, and attendance to remain on this permit. *Exceptions to the deadline are: Current students who change residence, Kindergarten, Siblings, K-8 GATE Program, Fremont Open, and the IB Program.* **Transportation is not provided.***

Interdistrict Transfer: Ongoing

An interdistrict transfer permit shall be requested when a transfer from or to another school district is required. Application forms must be turned in to the Child Welfare and Attendance Office (Building B). Students must maintain passing grades, good behavior, and attendance to remain on this permit. **Transportation is not provided. Permits must be renewed on a yearly basis.**

More information regarding all of these transfer options can be found on the Modesto City Schools Website at MCS4kids.com. Follow these steps: Go to Directory ----- Child Welfare and Attendance -----Transfer Options.

Feel free to call Child Welfare and Attendance at 574-1595 for further assistance.
