H. ADJOURNMENT
TO: Board of Education

SUBJECT: Approval of Annual Board Reorganization

Regular Meeting

November 17, 2014

Pursuant to Education Code Section 35143, the Governing Board of each school district must hold an annual reorganization meeting.

The following positions are for a one year term:

a. Selection of President of the Board: Seat currently held by Cindy Marks
(see attached BB 9121)

b. Selection of Vice-President of the Board: Seat currently held by Amy Neumann
(see attached BB 9121)

c. Selection of Board Representative to the County Committee on School District Organization:
Meets once a year (in conjunction with the Annual Fall Dinner Meeting of School Board Members).
Seat currently held by David Allan

d. Selection of Board Representative and Alternate to the Salida Area Public Facilities Financing Agency (SAPFFA) Board of Directors:
Seat currently held by Steve Grenbeaux
Alternate Entire Board

e. Selection of Board Representatives (2) and Alternates to the Schools Infrastructure Financing Agency (SIFA) Board of Directors:
Seats currently held by Cindy Marks & Amy Neumann
Alternate Entire Board

f. Selection of Board Representative to the California Association of Large Suburban School Districts (CALSSD) Board of Directors:
Seat currently held by Sue Zwahlen

g. Selection of Board Representative (Vice President) and (1) Additional Board Member to Serve on the District Audit Committee:
Seat currently held by Jordan Dickson & Amy Neumann
RECOMMENDATION

It is recommended that the Board of Education approve the Annual Board Reorganization.

Prepared and Recommended to the Governing Board by:

Pamela Able
Superintendent
Selection of Board President

1. It is the intent of this provision that the office of Board President shall be rotated equitably among the Board of Education members on an annual basis.
   
   a. No member of the Board of Education shall serve more than one term as President of the Board as long as there is any incumbent of one year tenure or more who has not served in that capacity.

   b. As of December 2011, no member of the Board of Education shall serve more than one term as President of the Board as long as there is any incumbent of three years tenure or more who has not served in that capacity.

   c. If there is more than one member who has not served, the position shall go first to the member with the greatest seniority. If there are members with equal tenure who have not served, the tie-breaker shall be the rank of finish in the general election.

   d. Once all members have served one term as President, subsequent selections shall be made with the goal of equalizing the number of times each member holds the position. However, no member should hold the position for consecutive terms in order to achieve this equalization.

   e. Board members shall have the right to refuse the position.
BOARD OF EDUCATION

President/Vice President

2. Selection of the Board Vice President

a. The position confers no right to the Presidency.

b. The position of Vice President shall be selected annually by a majority vote of the Board of Education.

c. A Board member shall have two years tenure before serving as Vice President.

d. The Vice President shall serve as the presiding officer of the Board of Education in the absence of the President.

e. Board members shall have the right to refuse the position.

ADVERTED: July 10, 1995
REVISED: August 23, 2010
TO: Pamela Able, Superintendent

SUBJECT: Report on Student Overload Procedures

BACKGROUND

Trustee Neumann requested a report on the District's student overload procedures be presented to the Governing Board and public.

The District maintains K-6 class sizes at certain maximum student levels based on the State of California's funding formulas and District labor contracts. Class size reductions (CSR) at the K-3 level are planned to not exceed 24 students, while 4-6th grade classes are planned to not exceed 34 students, on average.

In addition, many K-6 school sites are at maximum capacity. This means there is limited flexibility when student growth occurs as a result of change in the demographics of a neighborhood.

K-6 classes cannot be perfectly balanced at 24 students or 34 students until after school has started in August and the actual number of students in each class is determined.

As a result, the District has implemented student overload procedures when individual K-6 classes exceed the grade level capacities. The District's student overload procedures have been in place, in one form or another, for over twenty years.

ISSUE

Many of the District's K-6 sites are at maximum capacity. Students may be overloaded from their home school to an overload school with capacity in order to maintain class size requirements.

REPORT

At the beginning of the school year, K-6 classes may exceed the grade level capacity maximums. School sites are directed to place all students in a class regardless of whether the class may exceed the 24 or 34 student class sizes on a temporary basis.

Seat availability and potential student overload movement is then coordinated between the sites, Transportation, Educational Services and Planning. Every effort is made to keep siblings together and to avoid overloading the same student(s) in multiple years.

Within the first several weeks of school, student overload decisions are made and student transport to the overload school site occurs. The District's goal is always to get students to the overload site by Back-to-School night.
Report on Student Overload Procedures

The District has identified a “Last In-First-Out” prioritization process to determine which students must be overloaded to another school site where seats are available, in order to maintain CSR requirements.

Priority identification for overload out of a home school to an overload school is as follows:

1) New Inter and Intra District Permit students (current school year is the first year of permit):
   - Student has been enrolled at the permit site for less than 20 days.
   - If more than one student on permit for less than 20 days, the date of enrollment is used.
   - If more than one student on permit for less than 20 days, with the same enrollment date, then date on the registration card is used.

2) New resident students and new No Child Left Behind (NCLB) program students:
   - Students are identified by site enrollment date, Last In-First Out.
   - If more than one student with same enrollment date, then date on registration card is used, Last In-First Out.
   - NCLB Choice students – identified by date on NCLB application.

3) Continuing students at the home school which include resident students, NCLB Choice students and students on Inter and Intra District Permits.
   - Identify students by site enrollment date, Last In-First Out.
   - If more than one student with same enrollment date, then date on registration card is used, Last In-First Out.
   - NCLB Choice students – identified by date on NCLB application.

If a K-6 school site is impacted and at capacity at all grade levels and a new student registers, this student will be automatically overloaded to a site with seats available.

Overload students may return to their home school when space becomes available, in the same priority order as they were overloaded out.

All 22 K-6 school sites are regionally clustered for the purpose of overloading students. As an example, students whose home school is Burbank, Marshall, Kirschen or Robertson Road are commonly overloaded among each other.
Currently there are approximately 250 K-6 students overloaded from their home school to an overload site with class capacity.

All overload students are transported on District buses.

DATE: 8/14/2014

SUBJECT: K-6 OVERLOAD PROCEDURES AUGUST 2014

If you have classes that exceed class size maximums, you will be notified by email or telephone communication from District Administration with specific direction on the date to begin overloading students and the specific overload school site you will send students.

In order to identify which students will be overload out of your school site, please review the following Overload Procedures for the 2014-15 school year. Until the actual movement occurs, overload students shall be placed in the overloaded class at their home school.

Current Capacity Loading K-6:

- K-3 grade classes should be loaded at no more than 24 students
- 4-6 grade classes should be loaded at no more than 34 students

I. In order to determine which students are “Last In-First Out”, students shall be identified as an overload student to be bused to another school site in the following priority order:

1) New Inter and Intra District Permit Students (current school year is first year of permit):
   - Student has been enrolled at your site less than 20 days
   - To identify date of enrollment if more than one student, use site enrollment date
   - If more than one student with same enrollment date refer to registration card date

2) New Resident Students and New NCLB Choice Students at Your School Site:
   - Identify students by site enrollment date, last in, first out
   - If more than one student with same date then identify by date on registration card, last in first out
   - NCLB Choice: Identify by date on NCLB Choice Application

3) Continuing Students at Your School Site which include Resident, NCLB Choice, Inter & Intra District Permits
   - Identify students by site enrollment date, last in first out
   - If more than one student with same date then identify by date on registration card, last in first out
   - NCLB Choice: Identify by date on NCLB Choice Application
II. When the parent is registering a student who will be automatically overloaded out due to no space at
your school site (home school), please find the following steps:

- Student Records Clerk (SRC) contacts overload site to confirm opening (see attached Overload Site
  List)
- SRC contacts transportation to obtain and confirm ability to bus students and the transportation
  schedule
- Notify parent/s of the overflow school & transportation schedule
- Parents are not required to take their children to the overload site to enroll. The home school should
  complete the enrollment process and keep a record of the overload students for planning the
  following year.
- After arrangements with Transportation have taken place, please inform parents of when the
  bus transportation for their student will begin. Please allow a minimum of two (2) days lead
  time from the day the overload is scheduled with the Transportation Department and the day
  overload transportation will begin.
- Give special consideration to keep siblings together at the same school.
- Notify transportation immediately once student returns to home school

III. Other considerations:

- Overload students may return to home school when space becomes available during the first
  month of school
- Every effort shall be made to ensure that students are not overloaded in subsequent years.

Attached is the overload site list. If none of the overload sites listed have space available, please contact your
K-6 Ed Services Director, Becky Meredith, Senior Director, Business Services at 576-4032 or Katie Powell,
Dispatcher Supervisor at 576-4015 for assistance with other site options.

Thank you for your cooperation.

SUBJECT: Approval of Authorization to Purchase Computer Hardware, Software, and Services from Software House International Government Solutions

BACKGROUND

The California Department of Education will require all California school districts to participate in the California Assessment of Student Performance and Progress (CAASPP) testing for English-language arts/literacy and mathematics in the spring of 2015. The Smarter Balanced Assessment Consortium (SBAC) requires that all students complete these online assessments using a computer device that meets minimum hardware specifications.

In addition, a new Computer Literacy course was implemented this year at all elementary schools.

ISSUE

The District's computer labs consist of older computer devices that are not reliable and require continual support by District computer technicians. Many of the existing student computer devices do not meet SBAC's required minimum hardware specifications. Schools do not have an adequate number of student computers to support CAASPP testing, intervention programs and the new Computer Literacy course. For last year's CAASPP field testing, mobile carts of computer devices were moved between schools. The new Panasonic 3E computer devices will replace the older computer devices at the K-8 school sites' computer labs.

To support intervention programs, 21 elementary schools will receive one mobile cart of computer devices. To support the new Computer Literacy course and next spring's CAASPP online testing, all 22 elementary schools will receive one mobile cart of computer devices, with ten of the larger elementary schools receiving an additional mobile cart for this purpose.

All four junior high schools will receive two mobile carts of computer devices to support next spring's CAASPP online testing.

As a security measure, all Panasonic computer devices will be laser-etched with the District’s logo.

The cost to purchase the Panasonic computer devices exceeds current bid limits. Competitive bids must be sought or identified to meet formal bid requirements.
Approval of Authorization to Purchase Computer Hardware, Software, and Services from Software House International Government Solutions

PROPOSAL

The Purchasing Association of Cooperative Entities (PACE) is a national bidding and purchasing program. PACE contracts are "piggybackable" to allow for multiple agency use and to achieve greater cost savings.

Effective January 1, 2014, PACE awarded a public bid to Software House International Government Solutions for Computer Hardware, Software, Services, and Supplies. The initial contract term is for two years with the option to renew for up to four additional years. The PACE bid contains cooperative purchase language that allows for other agencies to utilize it as required by provision 20118 of the Public Contract Code.

It is staff's determination that the District would derive more benefit by utilizing this cooperative contract than to seek separate bids.

FISCAL IMPACT

Software House International Government Solutions has provided quotes for $1,327,137.14 and will be paid from Common Core, State and Federal Funds, and General Funds.

RECOMMENDATION

It is recommended that the Board of Education approve authorization to purchase computer hardware, software, and services from Software House International Government Solutions.

SUBJECT: Approval of Contract with LPA, Inc. to Conduct Facilities Assessments of K-12 School Sites and District Support Sites

BACKGROUND

In 1987, the Board of Education approved the 1988-1998 Long-Range Facilities Master Plan. This Plan addressed the critically overcrowded high school district and creation of student capacity K-12 as a function of unprecedented enrollment growth at the time. Two elementary schools, one junior high school and two high schools were built between 1987 and 2010.

The deferred maintenance requirements of the District have increased exponentially in the 26 years since the creation of the original Facilities Master Plan (FMP). As with many California schools, District sites did not receive the maximum deferred maintenance attention, due to budget constraints and priorities. While K-12 capacity has been increased, the campuses and support sites have suffered from decades of hard and continuous use.

On March 31, 2014, the Board authorized a Request for Proposals for a Facilities Master Plan to identify a comprehensive strategy that assesses current facility conditions and contemplates short-term and long-term facility needs.

A consultant (team) is required to assist staff with this large scale project so a request for professional services proposal was sought. Ten firms submitted proposals. Three of the ten firms were interviewed by a team of District staff.

Upon reviewing the top three proposals and their costs, it was determined that the scope of the full Facility Master Plan process was more costly than the District deemed appropriate at this time. The two top firms were then asked to resubmit a revised proposal for a reduced scope of work. The reduced scope of work would focus solely on a detailed assessment of facilities/physical plant conditions of each of the 34 school sites and three support services sites.

ISSUE

The team from LPA, Inc. has been recommended by staff to conduct the Facilities Assessment studies on the 34 school sites and three support services sites. Board approval is necessary to proceed with a contract.
Approval of Contract with LPA, Inc. to Conduct Facilities Assessments of K-12 School Sites and District Support Sites

PROPOSAL

The District has determined that a consultant team is required to assist staff with a comprehensive Facilities Assessment that will include a status, recommendations and cost estimates on the following:

- Deferred Maintenance items
- Health/Life Safety issues
- Needs of the older campuses such as conversion of portable to permanent buildings
- ADA requirements

In addition, the consultant proposes to recommend a prioritization of scopes of work to match the District's maintenance/repair needs.

The Local Control Accountability Plan (LCAP) must include facilities conditions and funding as a part of the Basic Services State-mandated area of priority.

FISCAL IMPACT

The cost of the contract with LPA, Inc., Facilities Assessment Consultant, is recommended not to exceed $190,000. The contract will be funded through the General Fund.

RECOMMENDATION

It is recommended that the Board of Education approve the contract with LPA, Inc. to conduct facilities assessments of the K-12 school sites and District support sites.

SUBJECT: Approval of Authorization to Seek Qualifications/Proposals for Proposition 39 Energy Consultant Services  

BACKGROUND  
Proposition 39, commonly known as the California Clean Energy Jobs Act, changed corporate income tax code to allocate projected revenue for five fiscal years, beginning with 2013-14, to be made available to educational facilities for eligible energy efficiency upgrades and clean energy generation. Follow-up legislation codified the California Energy Commission (CEC) as the lead agency for the K-12 portion.  
CEC submission, approval and accountability requirements are contained within two volumes and include multiple appendices to assist development of the required Energy Expenditure Plan (EEP). Development of the EEP to meet CEC guidelines requires extensive engineering analysis and documentation of each project by site, and includes electronic submittals and continued reporting of actual savings until 2021.

ISSUE  
In order to apply for Prop 39 funding it is necessary to complete and submit an EEP grant application for each proposed energy savings project.

PROPOSAL  
It is proposed that the District seek formal, competitive proposals for Prop 39 Energy Consultant Services.

FISCAL IMPACT  
Funding for this service will be from Prop 39 funds. Although the probable cost for this service is unknown at this time, it will not exceed the Prop 39 funds as allocated by the CEC for this service.

RECOMMENDATION  
It is recommended that the Board of Education approve authorization to seek Qualifications/Proposals for Proposition 39 Energy Consultant Services.

SUBJECT: Approval to Accept Completion of Contract with Acme Construction Company, Inc., Bid No. 13-4533, Pool Facility at James C. Enochs High School, in the Amount of $2,593,865

BACKGROUND

On November 12, 2013, the Board of Education awarded Bid No. 13-4533, Pool Facility at James C. Enochs High School, to Acme Construction Company, Inc., in the amount of $2,542,600.

On June 16, 2014, the Board of Education approved change order number one in the amount of $43,858. On October 20, 2014, the Board of Education was informed that change order number two, in the amount of $7,407, was approved and would finalize the project cost.

ISSUE

The Board of Education must formally accept completion of public works contracts.

PROPOSAL

The work performed under the contract with Acme Construction Company, Inc., Bid No. 13-4533, has been inspected by the project architect and reported to be satisfactorily completed in accordance with the plans and specifications. A Notice of Completion will be filed and final payments will be made as authorized under the terms of the contract.

FISCAL IMPACT

This contract, at a total cost of $2,593,865, was funded from special tax dollars on deposit with SIFA.

RECOMMENDATION

It is recommended that the Board of Education approve to accept completion of contract with Acme Construction Company, Inc., Bid No. 13-4533, Pool Facility at James C. Enochs High School, in the amount of $2,593,865.

SUBJECT: Approval of Resolution No. 14/15-13 to Repeal Local Reserves Cap Language in SB 858

BACKGROUND

On June 20, 2014, Governor Brown signed into law Senate Bill 858 and it is now embodied in the California Education Code 42127.01.

ISSUE:

Since voters passed Proposition 2 on the November 2014 ballot, school districts are required to spend their assigned and unassigned account balances down to no more than two to three times the minimum level of the statutory reserve for economic uncertainties (depending on district size). This spending needs to occur in the fiscal year following the fiscal year in which the State of California makes a payment of any amount to the Public School System Stabilization Account.

The Local Control Funding Formula is not fully implemented. Modesto City Schools currently maintains a reserve of approximately 28% for purposes of appropriation for economic uncertainties, among other things. Spending down our reserves could jeopardize fiscal solvency and we could not survive another financial downturn without fiscally responsible reserves.

PROPOSAL

By approving Resolution No. 14/15-13, the District sends a strong message, along with other California districts, to the lawmakers in Sacramento asking them to revisit and reconsider SB 858, Section 27/California Education Code 42127.01.

RECOMMENDATION:

It is recommended that the Board of Education approve Resolution No. 14/15-13 to repeal local reserves cap language in SB 858.

Prepared and Recommended to the Governing Board by:

WHEREAS, School district governing boards have the obligation to provide a quality education that
is essential for an informed citizenry, a competitive economy, a fulfilling life for all students, and the
foundation of our democratic society; and

WHEREAS, School district governing boards are responsible for maintaining fiscal solvency of the
school systems they govern; and

WHEREAS, The Local Control Funding Formula (LCFF), based on the principle of subsidiarity,
provides governing boards, working with interested stakeholders, with the authority to prioritize
funds in order to provide quality education for all students, especially those who are English learners,
from low income households and who are Foster Youth; and

WHEREAS, Funds for crucial services for school operations, such as payroll, classroom materials,
school construction projects, technology, home-to-school transportation, deferred maintenance, etc.
often require successful ongoing cash-flow management and disciplined planning, including the
creation and maintenance of prudent financial reserves; and

WHEREAS, School district reserve levels, as well as their fund balances, are determined by
governing boards to meet local priorities and allow districts to save for potential future expected and
unexpected expenditures and for eventual economic downturns; and

WHEREAS, community funded schools (Basic Aid Districts) receive funds only twice a year and
must rely on adequate reserves to manage cash flow for normal daily operations and for future
purchases and unforeseen events; and

WHEREAS, the statutory minimum for school district reserves for economic uncertainties ranges
from one to five percent, depending on district enrollment, and covers between one to five weeks of
payroll, or less than 20 days of total cash flow; and

WHEREAS, Prudent budgeting raises expectations for school districts to establish and maintain
reserves above the statutory minimum; and

WHEREAS, the governing board of the Modesto City Schools district currently maintains a reserve
of approximately 28% for purposes of appropriation for economic uncertainties, LCFF base funding,
LCFF supplemental/concentration funding, debt service reserve, AB123 STRS reserve, anticipated
STRS increase, approved CSEA post-secondary degree stipends, carryover obligations (lost
textbooks, instructional materials, deferred maintenance, miscellaneous), computer workstation
replacement, equalization textbooks, grievances, one-time expenditures, county cash FMV
adjustment, Affordable Care Act, artificial turf replacement, Common Core implementation, and EIA
final year spending plan; and
WHEREAS, On June 20, 2014, the Governor signed into law SB 858 (Committee on Budget and Fiscal Review, Chapter 32, Statutes of 2014), now embodied in California Education Code 42127.10; and

WHEREAS, SB 858, Sec. 27 Education Code 42127.01, will become operative should voters pass Proposition 2 on the November 2014 state ballot, and will require school districts to spend their assigned and unassigned account balances down to no more than two to-three times the minimum level of the statutory reserve for economic uncertainties (depending on district size) in the fiscal year following the fiscal year in which the State of California makes a payment of any amount to the Public School System Stabilization Account; and

WHEREAS, Under SB 858 this provision, a deposit by the State of California of even $1 to the Public School System Stabilization Account would result in school districts throughout California having to spend down billions of dollars in their reserves and ending balances; and

WHEREAS, It could take many years for the State of California to build up an adequate Public School System Stabilization Account; yet, in one year, school districts would be forced to spend down their reserves and ending balances to levels that could jeopardize fiscal solvency; and

WHEREAS, The LCFF is not fully implemented, many school districts are still funded below their 2007-08 levels, and districts cannot survive another downturn without fiscally responsible reserves;

NOW, THEREFORE, be it Resolved, that the Board of Education of the Modesto City Schools District calls upon the Legislature and the Governor to repeal the language contained in Sec. 27 of SB 858 (Chapter 32, Statutes of 2014) now in Education Code 42127.01 immediately.

THE FOREGOING RESOLUTION was introduced at a regular meeting of the Board of Education, held on the 17th day of November 2014 by Governing Board Member, who made the motion, which motion being duly seconded by, was, upon a roll call vote, carried into Resolution and passed by the following vote:

SUBJECT: Approval of Second Reading of Revisions to Board Policy 5030 and Review of Administrative Regulation 5030 Student Wellness

BACKGROUND

Board Policy and Administrative Regulation 5030 Student Wellness was adopted June 2006.

The Healthy, Hunger Free Kids Act of 2010 recently included updated requirements for Local Wellness Policies, adding provisions that insure greater accountability and broader community engagement, implementation plans, evaluation, and reporting.

ISSUE

All school districts receiving federal funds are required to meet these new standards. As a result of these standards, the District formed a Wellness Committee that met to review and propose a new Student Wellness Policy. The proposed Student Wellness Policy addresses the requirements found in the new regulations.

It is proposed that the new Student Wellness Policy should become the new Administrative Regulation (AR); therefore, the majority of the language that was in the Board Policy (BP) has been eliminated or moved to the AR. Due to the significant changes to both the BP and AR, both previous versions have been stricken in their entirety and the proposed draft versions are attached.

RECOMMENDATION

It is recommended that the Board of Education approve the second reading of revisions to Board Policy 5030 and review Administrative Regulation 5030 Student Wellness.

Comprehensive and Coordinated Approach

The Board intends for health education to be part of a comprehensive District program to promote the health and well-being of students and staff. Instruction in health-related topics shall be supported by physical education, health services, nutrition services, psychological and counseling services, and a safe healthy school environment.

Wellness Promotion

Modesto City Schools is committed to providing school environments that promote and protect children's health, well-being and ability to learn by supporting healthy eating and physical activity.

The school district will engage students, parents, teachers, food service professionals, health professionals, and other interested community members in developing, implementing, monitoring, and reviewing district-wide nutrition and physical activity policies.

All students in grades K-12 will have opportunities, support and encouragement to be physically active on a regular basis.

Foods and beverages sold or served at school will meet or exceed all required state and federal nutrition regulations.

Free and Reduced-Priced Meals

Schools will make every effort to eliminate any social stigma and to prevent the overt identification of students who are eligible for free and reduced-priced meals.
STUDENTS

Student Wellness

Sharing of Foods and Beverages

Schools should discourage students from sharing their foods and beverages with one another during meal or snack times given concerns about allergies and other restrictions on some children's diets.

Celebrations

Schools shall monitor celebrations and shall encourage the use of healthy food and beverage alternatives along with the use of non-food items.

Rewards

Schools will limit the use of foods or beverages, especially those that do not meet the nutrition standards for foods and beverages sold individually, as rewards for academic performance or good behavior and will not withhold food or beverages as punishment. Schools will pursue healthy food and beverage alternatives as well as non-food items for rewards.

WELLNESS PROGRAM

Marketing, Healthy Food Promotion and Fundraising

The Board requires marketing to promote health food and beverage options and prohibits the marketing and advertising of non-nutritious foods and beverages. Marketing to promote health food and beverage options will be done through signage, vending machine fronts, logos, scoreboards, school supplies, advertisements in school publications, coupon or incentive programs, or other means.

The Board requires healthy food and water promotion, pricing structures that promote healthy options in a-la-carte lines or vending machines, sales of fruit for fundraisers, and coupons for discount gym memberships. Schools shall label or mark healthy food items available so students know which are healthy items and healthiest choices, like fruits and vegetables. Every attempt will be made to prominently display healthy foods in the cafeteria to encourage students to make healthy choices.

During the school day and up to 30 minutes after school, the Superintendent or designee requires school organizations to use healthy food items or non-food items that comply with USDA, federal and state regulations. The Superintendent or designee shall encourage physical activity (i.e. fun run, walk-a-thon, bike derby) or community service (car wash, parking at events) for fundraising options.

Community Access

The Board may enter into a joint use agreement to make District facilities or grounds available for recreational or sports activities outside the school day and/or to use community facilities to expand students’ access to opportunities for physical activity.
Student Wellness

Obesity Stigma and Bullying

The Board requires obesity stigma, teasing and bullying to be included in the District’s anti-bullying policies. The policy includes a universal bullying prevention program that addresses weight discrimination, teasing and bullying based on weight and body size. The Superintendent or designee will ensure all students are encouraged to participate in physical activities, avoid practices that single out students on the basis of body size or shape, and avoid games that limit opportunities for all students to participate and succeed as medically appropriate. Additionally, Superintendent or designee encourages visual materials that feature a diverse combination of students being active and eating healthy.

School Gardens

The District's schools are encouraged to establish school gardens and/or farm-to-school projects to increase the availability of safe, fresh, seasonal fruits and vegetables for school meals and to support the District's nutritional education program.

Physical Education

Sequential Physical Education Curriculum

The District's physical education curricula(s) will be comprehensive, sequential and research-based, consistent with the expectations established in the state's curriculum frameworks and content standards, and designed to build the skills and knowledge that all students need to maintain a healthy lifestyle and behaviors.

Adequate and Safe Facilities

The physical education program shall be provided with adequate space and equipment and conform to all applicable safety standards.
Student Wellness

Limited Waivers

All students in grades K-12, including students with disabilities, special healthcare needs, and in alternative education settings, will receive the required physical education in compliance with current state guidelines.

Health Education

The District’s health education curricula(s) shall be sequential, comprehensive and based on research, consistent with expectations established in the state’s curriculum frameworks and content standards, and designed to build the skills and knowledge that all students need to maintain a healthy lifestyle and behaviors.

The District’s health education program shall teach personal responsibility for one’s own lifelong health, respect for and promotion of the health of others, the process of growth and development, and informed use of health-related information, products and services.

It will include instruction on the following topics:

➢ Alcohol, Drug and Smoking Prevention

• K-2 Instruction includes information about healthy habits, tobacco products and tools, positive self-image, learning about drugs, and saying no to drugs.

• 3-6 Instruction emphasizes healthy living, tobacco and its effects on the body, including the respiratory system, saying no to tobacco, alcohol and drugs, and the effects of drugs.

➢ HIV/AIDS, STI (Sexually Transmitted Infection), STD (Sexually Transmitted Disease) Prevention (including causes, stages, transmission, care of the infected, diseases related to AIDS, and statistics).

• Required once in middle school and once in high school (Education Code 51931 (d)).
Student Wellness

❖ Family Life and Sex Education

• 4th - 6th Grades: Sex Can Wait Program
• 7th - 8th Grades: Postponing Sexual Involvement Program
• 9th - 12th Grades: Comprehensive Sex Education (25 days during one semester)

  ▪ The high school health course is usually taken in the 9th grade, but it may be taken in summer school or subsequent grades.
  ▪ The health course is available with Specially Designed Academic Instruction in English (SDAIE) for English Learners.
  ▪ The sex education portion of the health class must be medically accurate and objective as well as appropriate for use with pupils of all races, genders, sexual orientations, ethnic and cultural backgrounds, as well as pupils with disabilities.
  ▪ The course may not teach or promote religious doctrine or promote bias against any person.
  ▪ All supplementary materials, videos and speakers must be on the Board-approved course outline.
  ▪ Teach respect for marriage and committed relationships.
  ▪ Teach abstinence from sexual activity.

❖ Pregnancy and Parenting

❖ Violence Prevention and Safety

❖ Bodily Systems

Physical Activity

Regular Physical Activity Breaks

All students in grades K-12 shall be provided opportunities to be physically active on a regular basis. Opportunities for moderate to vigorous physical activity shall be provided through physical education, recess, school athletic programs, extracurricular programs, before- and/or after-school programs, and other structured or unstructured activities.
Student Wellness

Recess for Elementary Students

All students in grades K-8 will receive the required amount of physical activity as per state guidelines, preferably outdoors, during which schools will encourage moderate to vigorous physical activity.

Physical Activity Before and After School

The District will provide information about physical education and other school-based physical activity opportunities before, during, and after the school day; and support parents’ efforts to provide their children with opportunities to be physically active outside of schools.

Safe Routes to School – Walking and Biking

The District will encourage students to walk or bike to school when appropriate. Schools shall provide bike racks for students. When possible, schools will work with parent groups to establish walking school bus and bicycle train programs.

The District will assess and, if necessary and to the extent possible, make needed improvements to make it safer and easier for students to walk and bike to school.

When appropriate, the District will work together with local public health, public works, public safety, and/or police departments in Safe Routes to School efforts.

No Physical Activity Restrictions as Punishment

Teachers and other school/community personnel are encouraged to not use physical activity as punishment.

Tobacco Prevention

Tobacco-free Schools, Ban Tobacco Advertising and Promotion, Tobacco Prevention in Health Curriculum

The District will maintain a tobacco-free school policy, which at minimum bans:
Student Wellness

- tobacco advertising on school property, at school events, and in written educational materials and publications; and
- tobacco promotions, promotional offers, and prizes on school property, at school events, and in written educational materials and publications.

Tobacco-use prevention will be included in all health education curriculums.

Staff Education, Training, and Wellness

The Superintendent or designee shall encourage staff to serve as positive role models. He/she shall promote and may provide opportunities for healthy eating and regular physical activity among employees.

Physical Education

To the extent possible, a credentialed physical education teacher will teach all physical education. The District shall provide physical education staff with professional development, including classroom management and instructional strategies designed to keep students engaged and active and to enhance the quality of physical education instruction and assessment.

Health Education

To the extent possible, a credentialed health education teacher will teach all health education. The District shall provide health education staff with professional development, including nutrition education and promotion.

Other Wellness Staff

Professional development will be provided to other staff as applicable.

Food Service Staff

Qualified professionals will administer all District school meal programs. Food service staff will be encouraged to participate in related professional development in accordance with their levels and responsibilities.
Student Wellness

FOOD SERVICE AND NUTRITION GUIDELINES

Nutrition Standards for USDA School Meals

Program Access and Promotion

In order to maximize the District’s ability to provide nutritious meals and snacks, all schools shall participate in available federal school nutrition programs, including the National School Lunch, School Breakfast Programs, and after-school snack programs, to the extent possible. When necessary and to the extent possible the District may provide a summer meal program.

The Board shall adopt nutritional guidelines for all foods available on each campus during the school day, with the objectives of promoting student health and reducing childhood obesity.

Nutrition Standards

Nutritional standards adopted by the District for all foods and beverages sold to students, including foods and beverages provided through the District’s federally reimbursable school meal programs, student stores, vending machines, fundraisers, or other venues, shall meet or exceed state, federal, and USDA nutritional standards.

School Meal Participation

To promote participation in the USDA School Meal Program, District schools will utilize methods to serve school meals that encourage participation. The District encourages schools to allow for student and/or parent input on menus and taste tests.

Meal Environment

Appropriate supervision will be provided in the cafeteria and rules for safe behavior will be consistently enforced. Students will be provided with a clean, safe and pleasant meal environment and be given adequate time to eat their meal.
Student Wellness

Healthy Food Preparation

Healthy food preparation methods, including steaming and baking, shall always be used in the school cafeteria and food services, when appropriate. Low-sodium, reduced-fat and low-sugar options are incorporated into the menu regularly.

Nutritional Information

Students and parents will be provided information about the nutritional content of meals through posted menus, school website, etc.

Nutrition Standards and Restrictions for Competitive/Other Foods and Beverages

To ensure all students are provided with healthy foods at all times and unhealthy foods are removed from school offerings, the District encourages each school to provide nutritional content (calories, saturated fat, sugar, sodium) and portion size requirements.

In addition, competitive food regulations provide guidance for nutritional content standards. Alternatively or additionally, the District can consider providing a more specific and restricted list of food items allowed (e.g., limiting to water, fruits, vegetables, whole grains, lean proteins, low-fat or non-fat dairy, and nuts) and/or provide a comprehensive list of prohibited foods (e.g., baked goods, candy, ice cream, sugar sweetened beverages, flavored milk, less than 100% juice drinks, and artificially sweetened beverages) and limited portion sizes.

Elementary Schools

The school food service program will approve and provide all food and beverage sales to students in elementary schools. Given young children's limited nutrition skills, food in elementary schools should be sold as balanced meals or, if sold individually, must comply with competitive food and beverage sale regulations.
Student Wellness

Middle/Junior High and High Schools

In middle/junior high and high schools, all foods and beverages sold individually outside the reimbursable school meal programs (including those sold through a-la-carte [snack] lines, vending machines, student stores, or fundraising activities) during the school day, or through programs for students after the school day, shall meet or exceed state, federal and USDA portion size standards.

Foods and Beverages (food/beverage item sold individually)

All food and beverage items sold individually or a-la-carte outside of reimbursable school meals (foods known as competitive food sales, e.g. vending machines, cafeteria snack lines, student/school stores and fundraisers) shall meet or exceed minimum state, federal and USDA requirements, unless sold off school grounds, sold more than 30 minutes after the school day or are exempted by policies established by the USDA.

Students and staff will have access to free, safe, and fresh drinking water throughout the school day, including during physical education and recess.

Fruit and Vegetable Availability

A choice of at least two fruits and/or non-fried vegetables will be offered for sale at any location on the school site where reimbursable school meals are sold. Such items could include, but are not limited to, fresh fruits and vegetables; 100% fruit or vegetable juice; cooked, dried, or canned fruits (canned in fruit juice, water or light syrup); and cooked, dried, or canned vegetables.

Portion Sizes Limit

All food and beverage items sold individually or a-la-carte outside of reimbursable school meals, such as vending machines, cafeteria snack lines, student/school stores and fundraisers shall meet or exceed state, federal, and USDA portion size standards.
Student Wellness

Celebrations and School-Connected Organizations

School staff shall encourage parents/guardians or other volunteers to support the District’s nutrition education program by considering nutritional quality when selecting any snacks which they may donate for occasional class parties and by limiting foods or beverages that do not meet nutritional standards to no more than one such food or beverage per party. Class parties or celebrations shall be held after the lunch period when possible.

STAKEHOLDER PARTICIPATION AND COMMUNITY ENGAGEMENT

District Wellness Committee

The Superintendent or designee may appoint a District health council or other committee consisting of parents/guardians, students, food service employees, District and school site administrators, Board representatives, health professionals, school nurses, health educators, physical education teachers, counselors, members of the public, and/or others interested in school health issues.

The District health council or committee shall advise the District on health-related issues, activities, policies, and programs. At the discretion of the Superintendent or designee, the council’s charge(s) may include the planning, development and implementation of activities to promote health within the school or community. The school health council or committee shall conduct periodic review and updates of the District’s Student Wellness Policy. The District health council or committee shall meet no less than 2 times per year.

School/Student Wellness Sub-Committees

To the extent possible, the District encourages each school site to establish a separate wellness sub-committee consisting of parents/guardians, students, school site food service employees, school site administrators, health professionals, school nurses, health educators, physical education teachers, counselors, members of the public, and/or others interested in school health issues. The school wellness sub-committee’s charge(s) may include the planning and implementation of health and wellness activities for the school site.
**Student Wellness**

**Community Coalition and Policy Process**

To the extent possible, the District encourages staff and/or volunteers to participate in community coalitions and partnerships to stay informed, participate in the public policy process and to highlight the need for community changes to address chronic disease and related risk factors.

**PUBLIC NOTIFICATION**

To encourage consistent health messages between the home and school environment, the Superintendent or designee may disseminate health information to parents/guardians through District or school newsletters, handouts, parent/guardian meetings, the District or school web site, and other communications. Outreach to parents/guardians shall emphasize the relationship between student health and academic performance.

**ACCOUNTABILITY, IMPLEMENTATION, AND EVALUATION**

**Implementation Plan and Support**

**Coordination, Accountability and Compliance**

The Board shall establish a periodic compliance assessment and evaluation for measuring successful compliance and implementation of the Student Wellness Policy. The Superintendent shall designate at least one person within the District who will coordinate with the school sites regarding the operational responsibility for ensuring that each school site complies with this policy.

**Training Support**

To the extent possible, the District will provide training for teachers and other staff and/or volunteers to ensure knowledge and understanding of the Student Wellness Policy and the District’s overall commitment to student wellness.
Student Wellness

Budget Support

To the extent possible, the District will ensure budget support needed for development, implementation and evaluation of the District's Student Wellness Policy.

Implementation

The Board shall establish a plan for compliance of this policy. The Superintendent shall designate at least one person within the District who coordinates with the school sites and is charged with operational responsibility for ensuring that each school site implements this policy.

Evaluation Plan, Reporting and Revision Procedures

Evaluation Plan

To determine whether the policy is being effectively implemented Districtwide and at each District school, the following indicators shall be used:

1. Descriptions of the District's nutrition education, physical education, and health education curricula.
2. Number of minutes of physical education instruction offered at each grade span.
3. Number and type of exemptions granted from physical education.
4. Results of the state's physical fitness test.
5. An analysis of the nutritional content of meals served based on a sample of menus.
6. Any sales of non-nutritious foods and beverages in fundraisers or other venues outside of the District's meal programs.
7. Feedback from food service personnel, school administrators, the school wellness committee, parents/guardians, students, and other appropriate persons.
8. Any other indicators recommended by the Superintendent and approved by the Board.
Student Wellness

Reporting

The Superintendent or designee shall report to the Board at least every two years on compliance and implementation of the Student Wellness Policy and any other Board policies related to nutrition and physical activity.

Revising and Updating

The District will inform and update the public, including parents/guardians, students, and others in the community, about the development, content, updates, implementation and evaluation of the Student Wellness Policy.
MODESTO CITY SCHOOLS
BOARD POLICY

STUDENTS

Student Wellness

Modesto City Schools is committed to providing school environments that promote and protect children's health, well-being and ability to learn by supporting healthy eating and physical activity.

The school district will engage students, parents, teachers, food-service professionals, health professionals, and other interested community members in developing, implementing, monitoring, and reviewing district-wide nutrition and physical activity policies.

All students in grades K-12 will have opportunities, support and encouragement to be physically active on a regular basis.

Foods and beverages sold or served at school will meet or exceed all required state and federal nutrition regulations.

Qualified child nutrition professionals will provide students with access to a variety of affordable, nutritious and appealing foods that meet the health and nutrition needs of students and will provide clean, safe and pleasant settings and adequate time for students to eat.

To the extent possible, all schools in the District will participate in available federal school meal programs. Reimbursable school meals shall not be less restrictive than regulations and guidance issued by the Secretary of Agriculture for schools.

Schools will provide nutrition education and physical education to foster lifelong habits of healthy eating and physical activity and will establish linkages between health education and school meal programs and with related community services.
STUDENTS

Student Wellness

1. Nutritional Quality of Foods and Beverages Sold and Served on Campus

   The link between nutrition and learning is well documented. Healthy eating patterns are essential for students to achieve their full academic potential. Well-planned and well-implemented school nutrition programs have a positive influence on students' eating habits.

   a. Breakfast

      To ensure that all children have breakfast, either at home or at school:

      ➤ The Nutrition Services Program will, to the extent possible, operate the School Breakfast Program at all school sites.

      ➤ Schools that serve breakfast to students will notify parents and students of the availability of the School Breakfast Program.

   b. Free and Reduced-Priced Meals

      Schools will make every effort to eliminate any social stigma and to prevent the overt identification of students who are eligible for free and reduced-priced meals.

   e. Sharing of Foods and Beverages

      Schools should discourage students from sharing their foods and beverages with one another during meal or snack times given concerns about allergies and other restrictions on some children's diets.

2. Foods and Beverages Sold Individually

   These foods and beverages are those sold outside the reimbursable schools meals, such as through vending machines, cafeteria a la carte lines, fundraisers, or student stores.
STUDENTS

Student Wellness

a. Elementary Schools

All foods and beverages sold individually during school hours will be required to meet or exceed all state and federal regulations.

b. Junior/Middle-High Schools and High Schools

In junior/middle-high schools and high schools, all foods and beverages sold individually outside the reimbursable school meal programs (including those sold through the a la carte lines, vending machines, student stores, or fundraising activities) during the school day will meet or exceed all state and federal regulations.

c. Rewards

Schools will limit the use of foods or beverages, especially those that do not meet the nutrition standards for foods and beverages sold individually, as rewards for academic performance or good behavior and will not withhold food or beverages as punishment. Schools will pursue healthy food and beverage alternatives as well as non-food items for rewards.

d. Celebrations

Schools shall monitor celebrations and shall encourage the use of healthy food and beverage alternatives along with the use of non-food items.

3. Nutrition in the Curriculum

Modesto City Schools is committed to providing nutrition education that will foster the knowledge, skills, and behaviors that students need in order to lead healthy, productive lives. The District's health education program shall teach personal responsibility for one's own lifelong health, respect for and promotion of the health of others, the process of growth and development, and informed use of health-related information, products, and services.
STUDENTS

Student Wellness

The District shall provide a planned, sequential health education curriculum for students in grades K-12 that is research-based and age-appropriate. The content of health instruction shall be offered in accordance with law, Board policy, administrative regulation, and state curriculum frameworks.

The Board intends for health education to be part of a comprehensive district program to promote the health and well-being of students and staff. Instruction in health-related topics shall be supported by physical education, health services, nutrition services, psychological and counseling services, and a safe and healthy school environment.

4. Physical Education

a. Elementary Schools

Instruction in physical education shall be provided for a total period of time of not less than 200 minutes each 10 school days (Education Code 51210, 51223).

Nutritional Quality of Foods and Beverages Sold and Served on Campus

To assist students and families in establishing healthy eating patterns, the District will do the following:

1. Meals served in the National School Lunch Program, School Breakfast Program, and Ala-Carte Program will meet or exceed all nutrition requirements established by state and federal regulations, offer a variety of fruit and vegetables, and serve low-fat and fat-free milk.

2. The Nutrition Services Program will, to the extent possible, operate the School Breakfast Program at all school sites. Schools that serve breakfast to students will notify parents and students of the availability of the program.

3. The Superintendent/designee will direct schools to make every effort to eliminate any social stigma attached to, and prevent the overt identification of, students who are eligible for free or reduced-price meals and will monitor compliance.

4. Drinking fountains will be available for students to get water at meals and throughout the day.

5. The Superintendent/designee will develop guidelines for schools to discourage students from sharing their foods and beverages with one another during meal or snack times, given concerns about allergies and other restrictions on some children’s diets.
STUDENTS

Student Wellness

6. The Superintendent/designee will develop guidelines for schools to discourage the use of foods and beverages, especially those that do not meet the nutrition standards for foods and beverages sold individually, as rewards for academic performance or good behavior, and should not withhold food or beverages as punishment.

7. Beginning July 1, 2007, fundraising activities involving the sale of non-nutritious food items cannot be sold on campus from one-half hour before the school day until one-half hour after the end of the school day. This applies to student stores, snack bars, vending machines, individual sales of items by campus clubs, or any other method of fundraising. This also applies to sales of non-nutritious items by any outside groups (i.e. other non-profit groups, P.T.A., Booster-Clubs, etc.). Groups operating concession stands at dances and athletic events are encouraged to include healthy items, such as bottled water, sports drinks, trail mix, nuts, etc., as part of their menu (Education Code Sections 49430 – 49436).

Nutrition-Education

K-6

Nutrition education in the elementary schools is contained within both physical education and science standards. The following topics are included:

➢ The body is comprised mostly of water.
➢ Nutritious food provides energy for physical activity.
➢ Water is essential during physical activity to maintain normal body temperature and normal blood volume.
➢ Requirements for energy during ongoing muscle contraction include needing oxygen and fuel to be available while heart and waste products are removed.
➢ Healthy meal and snack choices help improve physical performance.
➢ Carbohydrates are the preferred fuel for high intensity physical activity while protein is the preferred fuel for endurance physical activity.
STUDENTS

Student Wellness

- Record and analyze food consumption for one day and make a plan to replace foods and quantities less likely to enhance performance in physical activity with healthier choices.

7-8

Nutrition education in the junior high schools is contained in a nutrition unit (Fitness for Life) taught in Grade 8 PE as well as through aspects of the Life Science curriculum. The following topics are included:

- Examples and characteristics of the food groups.
- Definition of a calorie and calorie value in diets.
- Value and importance of eating a balanced diet.
- Interpret and analyze food tables and evaluate the nutritional value of packaged foods.
- Cells take chemical energy stored in food and change it into other forms of energy that can be used in metabolism.
- Identify the impact of such factors as nutrition, stress, and substance abuse on the body's ability to participate in physical activity.
- Describe the relationship between a healthy lifestyle and physical, emotional, and social well-being.

9-12

Nutrition education in the high schools is primarily contained in the curriculum for Health Education, a one-semester course required for graduation. In addition, courses in physical education and science cover aspects of nutrition and healthful living.

The nutritional focus in Health Education includes the following topics:

- Understanding calories and the energy equation.
- Nutritional health for teeth and gums.
- Poor eating habits as behavioral signs of stress.
- Overeating or starving as a sign of mental health problems.
- Nutrition, minerals and care of the skeletal system.
STUDENTS

Student Wellness

➢ Nutrition and maintaining muscle tone.
➢ Preventing osteoporosis through exercise and nutrition.
➢ Good nutrition and care of the circulatory and lymphatic systems.
➢ Iron deficiency and anemia.
➢ Importance of eating a variety of foods and drinking plenty of water to maintain a healthy digestive system.
➢ Adding fiber to your diet.
➢ Bolstering your immune system with good nutrition.
➢ Good nutrition and the prevention of cardiovascular disease.
➢ The connection between cholesterol and arteriosclerosis.
➢ Sugar intake and diabetes.
➢ Following a healthful nutrition plan as part of living a drug-free life.
➢ Maintaining good nutrition in late adulthood to promote healthy body functions.

Health Education

The District's health education program shall teach personal responsibility for one's own lifelong health, respect for and promotion of the health of others, the process of growth and development, and informed use of health-related information, products and services.

It will include instruction on the following topics:

➢ Alcohol, Drug and Smoking Prevention

- K-6 Tobacco Use and Prevention Education (TUPE)—TUPE Kits Curriculum Binders are provided to each site.
- K-2 Instruction includes information about healthy habits, tobacco products and tools, positive self-image, learning about drugs, and saying no to drugs.
- 3-6 Instruction emphasizes healthy living, tobacco and its effects on the body, including the respiratory system, saying no to tobacco, alcohol and drugs, and the effects of drugs.
STUDENTS

Student Wellness

➢ HIV/AIDS, STI (Sexually Transmitted Infection), STD (Sexually Transmitted Disease) Prevention (including causes, stages, transmission, care of the infected, diseases related to AIDS, and statistics);

➢ Required once in middle school and once in high school
  (Education Code 51031 (d)).

➢ Family Life and Sex Education

➢ 4th–6th Grades: Sex Can Wait Program
➢ 7th–8th Grades: Postponing Sexual Involvement Program
➢ 9th–12th Grades: Comprehensive Sex Education (25 days during one semester)

➢ The high school health course is usually taken in the 9th grade, but it may be taken in summer school or subsequent grades.
➢ The health course is available with Specially Designed Academically Instruction in English (SDAIE) for English Learners.
➢ The sex education portion of the health class must be medically accurate and objective as well as appropriate for use with pupils of all races, genders, sexual orientations, ethnic and cultural backgrounds, as well as pupils with disabilities.
➢ The course may not teach or promote religious doctrine or promote bias against any person.
➢ All supplementary materials, videos and speakers must be on the Board-approved course outline.
➢ Teach respect for marriage and committed relationships.
➢ Teach abstinence from sexual activity.

➢ Pregnancy and Parenting

➢ Violence Prevention and Safety

SUBJECT: Possible Nominations for Modesto City Schools Trustee(s) to Run for the CSBA Delegate Assembly for 2015

Regular Meeting
November 17, 2014

BACKGROUND

The Delegate Assembly is the primary policy-making body of the California School Boards Association. Delegates adopt the association's policy platform, take positions on other critical issues that may come before it, elect the officers and directors, and adopt bylaws changes. Delegates also serve as a two-way communications link between the board members in the region and the regional director, and play an important role in fostering collegiality within their region. There are normally only two Delegate Assembly meetings each year, one in early May just prior to the Legislative Action Conference and one preceding the CSBA Annual Conference in December.

ISSUE:

Board members may nominate themselves or a fellow trustee to run for an elected seat on the CSBA 2015 Delegate Assembly; the term is two years. There will be two vacancies in Subregion 8-C; the incumbents whose terms expire in March 2015 are Eileen Hamilton (Turlock USD) and Cynthia Lindsey (Sylvan Union ESD). Nomination and biographical sketch forms have been provided to the Board and are due to CSBA by January 7, 2015.

RECOMMENDATION:

It is recommended that the Board of Education possibly nominate Modesto City Schools trustee(s) to run for the CSBA Delegate Assembly for 2015.

SUBJECT: Approval of Authorization to Award RFP No. 14-4570, Refuse and Waste Hauling Services, to Gilton Solid Waste Management, Inc.  
Regular Meeting  
November 17, 2014

BACKGROUND

On May 17, 2013, the District signed an agreement with Northwest Capital Recovery Group (NWCRG) to audit the District's garbage bills, and to evaluate service levels at all sites.

The District's monthly garbage bill averages approximately $65,000. NWCRG was successful in removing franchise fees paid to the City of Modesto, saving the District approximately 10% of the monthly bill. Additionally, District staff and NWCRG met with the incumbent haulers, Bertolotti and Gilton, in an effort to further reduce costs. Both of the incumbents submitted informal proposals that offered some service reductions, but no reduction in the accessed fees.

It was anticipated that the District could further reduce its cost of garbage services by soliciting formal proposals.

ISSUE

On April 28, 2014, the Board approved authorization to seek proposals for trash hauling and recycling services.

PROPOSAL

Specifications were developed and formal proposals were sent to eight potential providers. In response to RFP No. 14-4570, the District received three proposals. Proposals were evaluated and scored on specific criteria which included cost based on the District's current service schedule; alternative provisions or changes to the current service schedule to help reduce costs; the firm's ability to provide recycling services including potential revenue sharing components; financial stability; and past performance. Gilton Solid Waste Management, Inc. has been selected as best meeting the needs and specifications of the District.

FISCAL IMPACT

The overall annual cost savings to the District for garbage services, which includes the removal of franchise fees and the reduction in service rates as a result of seeking formal competitive proposals, is estimated at $150,000. Further cost savings may be realized if the District can implement additional service schedule reductions and/or recycling programs.
Approval of Authorization to Award RFP No. 14-4570, Refuse and Waste Hauling Services, to Gilton Solid Waste Management, Inc.

RECOMMENDATION

It is recommended that the Board of Education approve authorization to award RFP No. 14-4570, Refuse and Waste Hauling Services, to Gilton Solid Waste Management, Inc.

SUBJECT: Approval of July, August and September Revisions to the Adopted 2014/15 Budget

BACKGROUND

The Board adopted the 2014/15 budget on June 16, 2014. Adjustments to the budget are made regularly based on known changes to revenue or the level/category of expenditures.

ISSUE

The Education Code requires that the Board approve major changes to the adopted budget.

PROPOSAL

Budget adjustments which have been processed for the period between July 1, 2014 and September 30, 2014 are presented and explained on the following reports. Explanations are provided for revenue and expenditure groups within funds. This report reflects adjustments to the budget only, not a complete financial statement. Copies of the full report are available for review in the Budget Department.

FISCAL IMPACT

The adjusted budget retains all State and Board designated reserves.

SUBJECT: Approval of the 2014-2015 Single Plans for Student Achievement

BACKGROUND

California Education Code 64001 requires that all schools receiving categorical funding annually submit a Single Plan for Student Achievement. These plans must be prepared in accordance with law by School Site Councils. The Board's approval of the individual school plans authorizes the expenditure of categorical program funds.

ISSUE

The Education Code requires Board approval of the Single Plans for Student Achievement.

PROPOSAL

The plans are submitted annually for Board approval and are available for review in the office of State and Federal Programs. Each of the school plans identifies goals and objectives, approaches and activities, parent involvement plans, and a process for on-going evaluation of categorical programs. Plans also contain the signed assurance pages from the principal and school site council chairperson indicating that categorical programs are operating in compliance with categorical regulations.

RECOMMENDATION

It is recommended that the Board of Education approve the 2014-2015 Single Plans for Student Achievement.

BACKGROUND

The out-of-state Downey High School Journalism-Yearbook trip to Washington, D.C. to attend the JEA/NSPA Fall National High School Journalism Convention was reviewed by the Associate Superintendent, Educational Services.

The trip was scheduled for Thursday, November 6 through Sunday, November 9, 2014. Students missed two days of school.

ISSUE

Out-of-state trips must be approved by the Board of Education.

FISCAL IMPACT

No cost to the District. Funds were provided by students and Yearbook Club.

RECOMMENDATION

It is recommended that the Board of Education ratify the out-of-state Downey High School Journalism-Yearbook trip to Washington, D.C.

SUBJECT: Ratification of Memorandum of Understanding Between Modesto City Schools and Modesto Junior College for a California Career Pathways Trust Partnership

Regular Meeting

November 17, 2014

BACKGROUND

Modesto City Schools is an active education partner of the California Career Pathways Trust (CCPT) Valley Sierra – Agriculture and Logistics Industry Career Pathway Partnership. As such we continue to look for opportunities to further develop our agriculture program and career pathways.

ISSUE

Modesto Junior College (MJC) offers one of the oldest and most comprehensive community college agricultural science programs in the state of California and has an excellent track record of national and international recognition in several areas of study. Because of their involvement with universities and high schools alike, MJC is uniquely positioned to bridge the development of Career Pathways with local secondary and post-secondary schools.

PROPOSAL

In furtherance of implementation of the CCPT grant it received, MJC has provided a Memorandum of Understanding (MOU) whereby MCS will be compensated $120,000 as a partner with MJC in developing a large animal veterinary program as part of the CCPT grant awarded to MJC. MCS will split this funding between our three sites currently with an Agriculture Veterinary program – Davis, Enochs, and Gregori High Schools. In accepting this compensation, MCS commits to support work plan efforts through:

- Curriculum development in Animal/Veterinary Science
- Representative participation in the Regional Animal/Veterinary Science Advisory Committee
- Faculty professional development, curriculum planning, and design work in Animal/Veterinary Science
- Outreach and recruitment of students into Animal/Veterinary Science programs
- Support of Job Shadow, internships, and/or work placement
- CTE Perkins resources in support of Animal/Veterinary Science instruction and/or program development

A copy of the MOU is available for review in the office of Alternative and Vocational Education.
Ratification of Memorandum of Understanding
Between Modesto City Schools and Modesto Junior College for a California Career Pathways Trust Partnership

FISCAL IMPACT

The cost to the District is reflected in the total in-kind contribution outlined above and currently valued at $590,000 over a three-year period of the grant.

RECOMMENDATION

It is recommended that the Board of Education ratify the Memorandum of Understanding between Modesto City Schools and Modesto Junior College for a California Career Pathways Trust Partnership.

SUBJECT: Ratification of Services Agreement with Bill Russ Productions, 2014-2015

REGULAR MEETING NOVEMBER 17, 2014

BACKGROUND

Modesto City Schools continues to partner with local organizations to provide services to students, families, and staff. Bill Russ Productions has provided motivational speaking for students and families for Kindergarten through 12th grade for the past 13 years. Bill is a highly sought after children’s safety, self-esteem, and anti-bullying expert.

ISSUE

The District would like to establish an agreement for services will Bill Russ Productions to provide safety, self-esteem, and character counts education/assemblies for students and families within our District. Said agreement would be in effect from September 30, 2014 through June 30, 2015.

PROPOSAL

Bill Russ Productions has provided multiple presentations at various elementary sites; however, the compensation for Bill Russ Productions has now exceeded the $10,000 threshold and requires a Services Agreement and Board approval.

Currently, Bill Russ Productions has received compensation in the amount of $9,450 with one additional payment pending of $1,500 for a total of $10,950. His services are being requested by more elementary sites over the remainder of the 2014-2015 school year. A copy of the Services Agreement is available for review in the office of the Educational Services, K-6.

FISCAL IMPACT

Total compensation to Bill Russ Productions will not exceed $20,000 including all previous payments. Funding is derived from the following sources: Categorical, After School Education and Safety, and Local Control Funding Formula (site LCAP monies).

TO: Pamela Able, Superintendent
SUBJECT: Public Notice to Approve Waiver Request of California Education Code 44253.11 to Submit Waiver Request to the California Commission on Teacher Credentialing

BACKGROUND

When an employing agency finds there is an insufficient number of qualified certificated persons who meet the specified employment criteria for a position, a Variable Term Waiver provides employing agencies an option to fill an assignment with an individual who qualifies under one of the available assignment options.

ISSUE

In order for Kenneth White and Mark Johansen to be compliant with the English Learner authorization requirement, a waiver of California Education Code 44253.11 must be procured from the California Commission on Teacher Credentialing.

PROPOSAL

It is proposed that the Board of Education review and approve the request for Variable Term Waiver.

FISCAL IMPACT

There will be no cost to the District.

RECOMMENDATION

It is recommended that the Board of Education approve waiver request of California Education Code 44253.11 to submit waiver request to the California Commission on Teacher Credentialing.

MODESTO CITY SCHOOLS

TO: Pamela Able, Superintendent

SUBJECT: Approval of Proposed Job Description: JC# 0010 Coordinator of Student, Parent, and Community Support Services

November 17, 2014

BACKGROUND

The Human Resources Department is responsible for proposing new job descriptions and maintaining up-to-date job descriptions through revisions, and placing employees appropriately on the respective salary schedules. The proposed job description was approved by the Superintendent's Cabinet.

ISSUE

This job description does not represent a new position to the District but does represent new responsibilities. The Coordinator of Student, Parent, and Community Support Services will replace the Intervention Coordinator (a classified position) and will move the employee currently working within that classification to management. The position will assist in the development, collaboration, and implementation of District Intervention Plans to support student behavior and attendance.

PROPOSAL

The attached job description is proposed for the Board's consideration.

FISCAL IMPACT

The Coordinator of Student, Parent, and Community Support Services will be paid at range 101 on the Management Salary Schedule.

RECOMMENDATION

It is recommended that the Board of Education approve the proposed job description: JC# 0010 Coordinator of Student, Parent, and Community Support Services.

Recommended by:
Craig Rydquist
Associate Superintendent, Human Resources

Approved for Recommendation to the Governing Board by:
Pamela Able
Superintendent
COORDINATOR OF STUDENT, PARENT, AND COMMUNITY SUPPORT SERVICES

OVERALL RESPONSIBILITY

Under general supervision, assist in the development, coordination, and implementation of District Intervention Plans to support student behavior and attendance. Collaborate with schools to implement grant activities designed to reduce suspension/expulsion. Work with families and the community at large to increase engagement with students and schools.

SPECIFIC RESPONSIBILITIES

1. Meet with students and families to develop objectives and goals, prepare contracts, and develop timetables to improve school achievement and attendance.

2. Provide broad-based trainings to school staff, agency personnel, parents, and community members regarding youth, family, and school-related safety, social-emotional and mental health issues, including but not limited to Restorative Justice, trauma-informed schools, Positive Behavior Intervention Supports and other research-based interventions.

3. Implement, monitor, and produce reports regarding activities outlined in grants associated with District Intervention Plans.

4. Coordinate with site administrators and staff to develop tiered, research-based intervention and support to assist with social and emotional well-being and reduce discipline for students with behavior issues that impact school success and achievement.

5. Compile data and reports to identify students needing intervention, including data related to positive behavior interventions and other interventions used to reduce suspension/expulsion. Compile data and reports to measure program implementation and outcomes regarding interventions to reduce suspension/expulsion at targeted sites.

6. Collaborate and coordinate with multiple community agencies to implement activities consistent with grant requirements and expectations.

7. Develop, implement, and measure the effectiveness of strategies to increase community involvement and parent participation at targeted school sites.

8. Assist with application procedures for grants that are appropriate to the position.

9. Create booklets, brochures, posters, flyers, certificates, notices, and other documents related to the District’s intervention efforts to inform staff, parents, and community stakeholders about programs and services.

10. Effectively communicate and maintain cooperative relationships with those contacted in the course of work.

11. Perform other related duties as assigned.

TO: Pamela Able, Superintendent

SUBJECT: Report on Summary of Investment Portfolio as of September 30, 2014

BACKGROUND

The District periodically invests funds with the State's Local Agency Investment Fund (LAIF), the California Asset Management Program (CAMP) and in specific securities as allowed under the Government Code and Board policy.

ISSUE

The Board of Education should periodically review the District's investments.

FISCAL IMPACT

The District's investments as of September 30, 2014 are shown on the attached report and are in compliance with the Board's investment policy and all Government Code requirements. The District's investment advisor, Public Financial Management, provides the market value of individual securities. LAIF, CAMP and the County Treasury provide market value information for those funds.

SUMMARY

The Stanislaus County Treasury yield rate (similar to interest rate) at September 30, 2014 has decreased 0.01% over the last quarter and 0.14% over the last year. The cash balance in the Stanislaus County Treasury is about the same as the balance for last quarter and the balance a year ago.

BACKGROUND

Administrative Regulation (AR) 3554 Other Food Sales was last reviewed by the Governing Board on February 4, 2013.

ISSUE

The AR needs to be updated to address recent changes in regulations related to the sale of food items.

SUMMARY

Administrative Regulation 3554 Other Food Sales is being revised to address recent changes in regulations related to the sale of food items.

Cabinet approved the revisions to the Administrative Regulation on October 14, 2014. Due to the significant changes to the AR, the previous version has been stricken in its entirety and the proposed draft version is attached for the Board's review.

BUSINESS & NON-INSTRUCTIONAL OPERATIONS

Other Food Sales

Elementary Schools

The principal may authorize food or beverage sales by school-related student organizations during the school day provided that:

1. The food or beverage is one of those approved in advance by the Board and so designated by Board policy.

2. Only one food or beverage item is to be sold.

3. There are no more than four such sales per year per school.

4. The item sold is not made on school premises.

5. The item sold is not one that is on sale in the food service program at the school that day.

6. Sales are made only after the close of the student’s lunch period upon dismissal from the lunch serving area.

7. The item is SB12, 065 and 490 compliant.

Junior and Senior High Schools

The principal may authorize food or drink sales by school-related organizations during the school day provided that:

1. The foods or beverages are among those approved in advance by the Board and so designated in Board policy.

2. Only one organization may sell items on any day, and no more than three different categories of food items may be sold.

G.3(1)
BUSINESS & NON-INSTRUCTIONAL OPERATIONS

OTHER FOOD SALES

3. The principal may establish up to four (4) days during the school year when any school-related organizations may sell any number of food items.

4. Items sold are not made on school premises.

5. Items sold are not those that are on sale in the food service program at the school that day (Administrative Code, Title 5, section 15501).

6. With the exception of the approved organization as designated in #2 above, fund-raising activities that involve the sale of food items are not allowed during regular school hours.

Vending-Machines

The following restrictions apply to any vending machines installed at school sites participating in the National School Lunch, School Breakfast or Food Distribution Programs:

1. No food or vending machine shall be available to students from the beginning of the school day to the close of the final lunch period unless the food or drink being sold is on the approved list of competitive foods of the U. S. Department of Agriculture and/or the State of California.

2. The profits of all vending machines selling approved food or drinks to students must go either to student organizations or to the school's nonprofit meal program.

3. The fiscal accountability for these vending machines follows established District procedures as set forth in the Associated Student Body Accounting Manual, the California Department of Education's Accounting Procedures for Student Organizations, and the California Department of Education's School Accounting Manual.
BUSINESS & NON-INSTRUCTIONAL OPERATIONS

OTHER FOOD SALES

4. Failure to comply with any of the guidelines outlined above may result in the removal of the vending machine operated by the non-compliant student organization.

The principal/designee at each school shall provide procedures whereby fund-raisers involving food sales are planned in cooperation with school site and food services staff. The principal/designee shall review all fundraiser activities to ensure compliance with Board policy.

Principals shall be responsible for the on-site enforcement of all Board policies regarding food sales.

SUBJECT: Report on Athletic Eligibility Verification Forms

BACKGROUND

The California Interscholastic Federation’s “Pursuing Victory with Honor” program is based on 16 Operating Beliefs and Principles. Principle #8 reads as follows: “School Boards, superintendents, school administrators, parents, and school sport leadership must ensure that the first priority of their student-athletes is a serious commitment to getting an education and developing the academic and character to succeed.”

ISSUE

Athletic Eligibility Verification Forms provide documentation that coaches, athletic directors, and principals have checked the eligibility status of all athletes. Note the last column on the right, which verifies that inter/intradistrict permits are current and meet Board policy criteria.

SUMMARY

The Athletic Eligibility Verification Forms will be submitted by sites each fall, winter and spring under the “Pursuing Victory with Honor” program.
