School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

School Mission Statement:

At Beard Elementary we believe in academic success for all. Our aim is to provide rigorous target instruction fostering lifelong learning for all. Working collaboratively with families and the community ALL students will progress academically, socially, and emotionally in a safe and secure environment.

School Description:

Constructed in 1955, Beard Elementary School is located in north central Modesto at 915 Bowen Avenue. It is one of twenty two elementary schools in the district. It serves a wide population of diverse students. The school is in excellent condition due in part to the dedicated and caring staff. Students within our attendance area are mainly Hispanic and White. The income level of the families falls into the low to high socio-economic range with most students meeting free or reduced meal eligibility.

The school serves a diverse group of approximately 410 Kindergarten through 6th grade students. The student population is 80% socioeconomically disadvantaged and for 12% of our students English is their second language. The ethnic composition is Hispanic 50%, White 31%, African American 5%, Asian 3% and 12% other. Beard's population is comprised of students living in the local neighborhood with others arriving by bus from various neighborhoods around Modesto. In addition to 14 regular education K-6 classes, there are five Special Education classes located on the Beard Campus, two Learning Handicapped and three Severely Handicapped classes. Students with Disabilities make up 20% of our student population.

Beard has many programs helping students become successful. In the classroom, teachers teach English Language Arts with McGraw Hill, Engage New York Mathematics (1st - 6th grade), and Early Math with Engage NY as supplemental material in kindergarten. ASES, an after school program, serves approximately 95 students. Students are assisted with homework, grade level standards, social skills, and character education. Beard has a computer lab with a full time computer literacy teacher. The teacher helps students become proficient in computer skills. Modesto City Schools also provides a Prep Provider who works weekly with students on a variety of skills from character traits to physical education. A mentor program, through Stanislaus County, aides in assisting students with social skills, reading and math fluency, and character building.

Modesto City Elementary: K-8

Migrant Education /Title Part C supplemental instructional and support services are provided to the Modesto City Schools migrant students through a Memorandum of Understanding with the Merced County Office of Education/Migrant Education Region 3. These services are directly provided by Migrant Education Region 3 staff to preschool and elementary students. Migrant Education supplemental instructional services are provided through a combination of site and home base models. Migrant students are identified and recruited by two Support Services Liaisons that are housed at Pearson Education Center. The current migrant student eligibility list is maintained on a monthly basis and is cross referenced with the district student data base to keep student lists current. The Supportive Services Liaisons additionally provide referrals for supplemental health and social services to migrant families identified in the Modesto City Schools attendance area. The migrant parents assist the district and region in evaluating migrant educational services through their participation in the Migrant Parent

Advisory Committee that meets six times per year. Migrant Education services are determined each year in collaboration with the Modesto City Schools District to maintain or modify them based on a review of prior year services and funding allocations.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

School Facility Conditions -- General Information

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are included within this report. The results of this survey are available at the district office and on the internet at mcs4kids.com.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School/Buildings:

This school has 26 classrooms, a cafeteria building, a library, latchkey, and an administration office. The main campus was built in 1955. Additions were constructed in 1956 and in 1959. Five portable classrooms were constructed over the periods of 1991, 1997, 2001 and 2002. The school opened in 1955.

Maintenance and Repair:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority. The school facility is in overall good repair.

Cleaning Process and Schedule:

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards are available at the school office, or at the district office. The Principal works continually with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget:

The District participated in the State School Deferred Maintenance Program, which provided flexible state matching funds to assist school districts with expenditures for major repair or replacement of existing school facilities components. State contributions to this Program ended in the 2012-13 school year. Deferred Maintenance typically includes paving, roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting and floor systems. For the 2016-17 school year, the district budgeted \$0.69 million out of the District General Fund carry-over funds for deferred maintenance projects throughout the District. The District also has 1.28 million of carry-over funds in Fund 14 Deferred Maintenance Fund available for deferred maintenance projects throughout the District. Identified needed repairs are weighed against all other District site repairs and the most urgent repairs are addressed first.

Data provided by LEA. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	16	22	27	28	48	48
Mathematics (grades 3-8 and 11)	11	13	17	19	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	238	235	98.74	21.7
Male	135	133	98.52	19.55
Female	103	102	99.03	24.51

English Learners	54	54	100	12.96
Students with Disabilities	74	72	97.3	5.56
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2016-17)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	14.9	13.4	4.5

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Beard provides opportunities for parent involvement in a variety of ways. Beard PTA is very active in supporting the students and teachers through fundraising and volunteer work. We partnered with LOVE Modesto to beautify our campus. Community members, students, and staff worked together adding to our already beautiful campus. Many of our teachers encourage parent involvement in the classroom especially at the primary grade levels. Our Kindergarten through 3rd grade teachers have opportunities for parent helpers in the classroom. We have two committees for parents to be involved in also. First, we have the English Learner Parent Partnership committee that meets with the Principal at least three times a year to discuss issues surrounding English Language Learners. The second committee is the School Site Council. Members of this committee are elected members of the Beard community and oversee the Title I budget. If you want more information on any of these opportunities please contact the school office.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State

School Safety Plan (School Year 2017-18)

School Safety Plan

The Beard Elementary School Safety Plan was developed by California Safe Schools as part of a comprehensive district wide Safety Plan. The plan specific to Beard was developed with input from the Safety Committee made up of staff and parents. The completed plan was reviewed by staff and parents before adoption. The plan is reviewed annually by staff and parents. The main purpose of the plan is to provide guidelines for a variety of possible emergencies that a school might encounter during the year. A list of support staff, district personnel, and the community is made available.

Beard Elementary provides supervision of students 30 minutes prior to the start of the school day at the bus drop off area, the cafeteria, and the primary/intermediate playground. Beard has a traffic patrol that monitors major crosswalks near the school both in the morning and directly after school. Yard duties provided after school supervision until the buses have departed. All visitors to the school must report to the office to sign in and obtain a visitor sticker. Stickers must be worn while on campus. We lock all gates restricting access to the school. All staff members are instructed to question any adults on campus not wearing a visitor sticker and sent back to the office to sign in and obtain a sticker. The principal, head custodian, and campus supervisor patrol the school grounds regularly to ensure student safety and to address and safety concerns.
