School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Enslen School was built in 1929 and recently celebrated its 88th year. It is located on a shady, tree-lined campus in an established neighborhood near the center of Modesto. The staff, parents, students, and community have a long-standing sense of "family" and pride for their school. Enslen has focused on developing and implementing educational programs that are responsive to the needs of students in an ever-changing world. Teachers, parents and support staff collaborate to provide a challenging and supportive environment for all students. The small school atmosphere lends itself well to fostering a rich, challenging learning climate and providing opportunities for children to develop emotionally, socially, and physically. Enslen has earned the reputation of maintaining high academic expectations and providing a strong educational program. Many of our parents and some grandparents are former Enslen students, and they have deliberately located in the Enslen area so that their descendants could continue the tradition of being Enslen graduates. Parents are actively involved and serve in leadership capacities through the Parent Involvement and Engagement Committee, English Language Parent Partnership, and the Parent Teacher Club (PTC). Parent volunteers are visible daily, providing support and assistance throughout the school. Our educational environment and teaching strategies meet the goals and objectives of a strong curriculum. The Enslen faculty utilizes every opportunity for grade level collaboration centered on analyzing student assessment data and utilizing effective instructional strategies to meet the needs of our students.

Although Enslen is a small school with somewhat limited resources, the emphasis has been on utilizing funds to provide programs, services and technology that maximize student performance. Enslen's warm and friendly atmosphere, positive learning environment, and tradition of excellence are the products of partnerships between staff, students, and the community.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

School Facility Conditions -- General Information

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are included within this report. The results of this survey are available at the district office and on the internet at mcs4kids.com.

Student safety is discussed regularly at Staff meetings, Site council meetings, Parent Teacher Club meetings and Safety meetings. The school custodian checks the school grounds for safety each morning before the children arrive. Repairs are made quickly whenever safety issues are involved. Yard duty staff supervises the playground before school, after school, and during recess. The gates are locked after school begins so that all visitors must come through the front door. A sign is posted at the door informing visitors to report to the office. Visitors sign in at the office and must put on a visitor badge. Letters are sent home and the “phone dialer” is used throughout the year reminding parents that students may not be on campus before 8:15 and must go home immediately after school for their own safety.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

School Facility Conditions -- General Information

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are included within this report. The results of this survey are available at the district office and on the internet at mcs4kids.com.

Age of School/Buildings:

This school has 18 classrooms, a cafeteria, a library, and an administration office. The main campus was built in 1939. Additions were constructed in 1953, 1954, 1955 and 1959. Five portable classrooms were constructed over the periods of 1989, 1997, 1998, 2000 and 2002. The school opened in 1939.

Maintenance and Repair:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority. The school facility is in overall good repair.

Cleaning Process and Schedule:

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards are available at the school office, or at the district office. The Principal works continually with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget:

The District participated in the State School Deferred Maintenance Program, which provided flexible state matching funds to assist school districts with expenditures for major repair or replacement of existing school facilities components. State contributions to this Program ended in the 2012-13 school year. Deferred Maintenance typically includes paving, roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting and floor systems. For the 2016-17 school year, the district budgeted \$0.69 million out of the District General Fund carry-over funds for deferred maintenance projects throughout the District. The District also has 1.28 million of carry-over funds in Fund 14 Deferred Maintenance Fund available for deferred maintenance projects throughout the District. Identified needed repairs are weighed against all other District site repairs and the most urgent repairs are addressed first.

Data provided by LEA. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	50	56	27	28	48	48
Mathematics (grades 3-8 and 11)	44	49	17	19	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	236	234	99.15	55.56
Male	123	123	100	52.85
Female	113	111	98.23	58.56

English Learners	22	21	95.45	9.52
Students with Disabilities	30	30	100	16.67
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2016-17)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parents are encouraged to be involved in the PTC (Parent Teacher Club), volunteer in the classrooms, help publish the yearbook, and assist with fundraising programs. Parents are also encouraged to join the Parent Engagement and Involvement Committee and the English Language Parent Partnership to engage in meaningful communication to improve academic achievement for our Ensen students. Parents can obtain up to date information on the Ensen school website, or the monthly calendar that the school puts out every month.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.
