

**Fairview Elementary School**  
**School Accountability Report Card**  
**Reported Using Data from the 2019-2020 School Year**  
**Published During 2020-2021**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: September 2020

The Governing Board recognizes that students' educational opportunities are enhanced when they have sufficient access to high-quality textbooks, equipment and other instructional materials for each of the subjects they are studying. To adequately support the Board-approved curriculum, instructional materials must also be up to date. For further information about the selection and adoption of instructional materials at all Modesto City Schools, please reference Board Policies 6161, 6161.1, and 6161.11. ## School Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are included within this report. The results of this survey are available at the district office and on the internet at [mcs4kids.com](http://mcs4kids.com).

Fairview strives to ensure that all students are safe at school. Students are supervised in the mornings as they get off the bus, at drop-off, and at loading with the assistance of yard duty personnel. During the day when students are at school, gates that provide access onto school grounds are locked. Visitors' passes must be obtained through the RAPTOR system for campus entry and are allowed only for scheduled business or regular volunteers. Parent/guardian or emergency contact status is checked prior to check-out of a student with an adult. In the afternoon, students are supervised by yard duty personnel upon dismissal while the campus remains closed to visitors throughout this time period.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

### Age of School/Buildings:

This school has classrooms, a cafeteria, library, an early childhood ed program, and an administration office. The main campus was built in 1951 and opened in 1951.

#### Maintenance and Repair:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority. The school facility is in overall exemplary repair.

#### Cleaning Process and Schedule:

The Operations Department has adopted cleaning standards for all schools in the district. A summary of these standards are available at the school office, or at the Maintenance & Operations office. The Maintenance & Operations Department works continuously with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

#### Deferred Maintenance:

The District participated in the State School Deferred Maintenance Program, which provided flexible state matching funds to assist school districts with expenditures for major repair or replacement of existing school facilities components. State contributions to this Program ended in the 2012-13 school year. Deferred Maintenance typically includes paving, roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting and floor systems. Carry-over funds for deferred maintenance projects throughout the District in Funds 01 and 14 have been exhausted. The Board has authorized the General Fund (Fund 01) to annually contribute \$2 million to Facility Maintenance (Fund 14) to be used for new construction and maintenance projects throughout the District, \$2 million to Routine Restricted Maintenance (Fund 14) for maintenance projects throughout the District and \$2 million to Facility Improvements (Fund 40) for the District's high schools. Identified needed repairs are weighed against all other District site repairs and the most urgent repairs are addressed first.

Data provided by LEA. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	15	N/A	22	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## Opportunities for Parental Involvement (School Year 2020-2021)

Parents at Fairview have the opportunity to work collaboratively in a variety of activities, events, and committees. SSC—School Site Council assists in developing, reviewing, and approving the Single Plan for Student Achievement which drives our course of action and plan for meeting the educational goals we have set for our school. ELPP—English Learner Parent Partnership provides input on a variety of issues related to the education of English Learners at our site. Parents have the opportunity to share ideas related to increasing the performance of English Learners in our school. PIE – Parent Involvement and Engagement Committee provides an arena for parents to contribute ideas to our site regarding increasing parental involvement and support. School Safety Committee meets on a regular basis to ensure that the school maintains a safe and secure learning environment. Topics that this committee address include parking lot and traffic safety, playground and social skill development, as well as campus supervision and security. Family Nights—Parents at each grade level have the opportunity to participate in a fun and educational activity with their child here at Fairview. Back to School Night—This is an opportunity for parents to meet their child’s teacher and open lines of communication between home and school. Open House – This is an opportunity for students to lead parents through their classrooms and show what they have learned. Student of the Month – Students are selected monthly by their teachers for demonstrating the character trait of the month. From honesty to courage, our students are encouraged to not only excel in academics, but in the traits that will promote them as positive members of their school and community. Parents who are willing to volunteer in their child's classroom is always welcomed and encouraged.

Suspensions	0.58	4.9	N/A
Expulsions	0	0.0	N/A

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

## School Safety Plan (School Year 2020-2021)

A Safety Plan is in place at Fairview Elementary School and was developed with the assistance of the members of the Site Safety Committee, (which includes teachers, staff, administration and parents). The plan is reviewed each year for effectiveness and can be adjusted as needed. Procedures to be followed in the event of any emergency at the school, or as a result of a situation in the neighborhood which may impact the school site, are outlined in this plan. Safety Drills are scheduled throughout the school year to train students and staff to respond in case of emergency situations such as: fire, lockdown, or evacuation of the building. Evacuation routes and pertinent information to assist officials to ensure student and staff safety are also included in the plan. Fairview also participates in the Great Shake Out each year, drawing attention to preparedness in the event of an Earthquake in conjunction with many schools across the state.

### Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	8	5	9

Professional development in MCS is data driven using research-based best practices to ensure our students receive guaranteed and viable curriculum in every grade, in every school. We use formative and summative data to drive our instructional decisions and focus for professional development. To this end, we utilize multiple structures to provide high-quality professional development to our staff including: summer training, preservice-days, district wide professional development days, after school workshops, Saturday workshops, substitute-release days, instructional coaching, an Induction (formerly BTSA) and Peer Assistance Review (PAR) program. For the second year, MCS has provided the opportunity for 0.5% compensation for those who choose to complete an extra six hours of professional development.

MCS has prioritized our focus on mathematics, literacy across grades and content areas, collaboration, welcoming schools/customer service, and building our capacity as professionals. This has been in addition to the needed training in new adoptions, curriculum and standard updates and the like. The professional development is sustained through site administration, district and site level instructional coaches, and intervention specialists. In the 2019-2020 academic year, a new division (Curriculum and Instruction & Professional Development) was also created in order to increase the quality and quantity of professional development provided to classified, certificated, and managers alike.
