## School Accountability Report Card

### Reported Using Data from the 2015-16 School Year

### Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2016-17)

James C. Enochs High School is one of seven comprehensive high school in the Modesto City Schools District. Enochs High School opened in the fall of 2006 with 1,228 ninth and tenth grade students. Since then, Enochs has grown to become a large comprehensive high school with over 2,300 students. Enochs High School provides a broad selection of academic programs and elective course offerings. Co-curricular programs abound, including athletic teams, Associated Student Body leadership opportunities, competitive speech, choral and instrumental music. A full complement of student support services such as: attendance teams, student study teams, psychologist, PBIS team, Enochs Care Center staff, work experience coordinator and a college counselor provide support for students academically, socially, and emotionally.

#### Mission Statement

The Mission of Enochs High School is to develop successful students by providing top quality instruction within a safe, responsible, and respectful culture.

#### Vision Statement

At James C. Enochs High School, we envision a learning community that challenges and nurtures students by fostering a sense of shared mission and engaging them in a rigorous, relevant, standards-based curriculum.

Our vision demands that we provide innovative instruction by accomplished practitioners whose commitment to learning and student achievement encourages students to become technologically adept, lifelong learners able to think independently and solve complex problems.

Our vision presupposes a community in which academics, athletics, student activities, and the arts contribute to student success. Our vision is rooted in the belief that staff and students alike must embrace the diversity of an increasingly complex world, foster mutual respect, and create a secure environment that supports student success.

The mascot for James C. Enochs High School is the eagle, and the motto is "Altius Volans" which in Latin means "soaring higher." Eagles can fly to altitudes of 10,000 feet, and can soar aloft for hours. The eagle has become the living symbol of freedom, spirit and the pursuit of excellence. Our goal for the students at Enochs High School is that their education and experiences will provide them with the knowledge, skills, and inspiration that will guide them to graduate from high school, pursue higher education, and become productive citizens.

### Student Enrollment by Grade Level (School Year 2015-16)

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Teacher Credentials

Teachers	School			District
	2014-15	2015-16	2016-17	2016-17
With Full Credential	87.8	82	82	1342
Without Full Credential	0	0	2	46
Teaching Outside Subject Area of Competence (with full credential)	0	0	0	0

### Teacher Misassignments and Vacant Teacher Positions

Indicator	2014-15	2015-16	2016-17
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments *	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

### Core Academic Classes Taught by Highly Qualified Teachers (School Year 2015-16)

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by Highly Qualified Teachers	Not Taught by Highly Qualified Teachers
This School	98.3	1.7
All Schools in District	96.5	3.6
High-Poverty Schools in District	96.5	3.6
Low-Poverty Schools in District	0.0	0.0

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program.

Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

**School Facility Conditions and Planned Improvements (Most Recent Year)**

**General Information**

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are included within this report. The results of this survey are available at the district office and on the internet at [mcs4kids.com](http://mcs4kids.com).

The Enochs High School campus master plan accommodates 2,500 students. The site incorporates 70 acres and contains 277,000 square feet of building space including three two story academic buildings. Also on the site is a large gymnasium with two locker/shower facilities linked by covered walkways. A library media center, a cafeteria/multi-use facility, and buildings housing agricultural/industrial technology, home economics, and performing arts round out the major site facilities. The spacious center courtyard includes eating areas and an amphitheater. The site includes a full complement of sports venues, including baseball, softball, soccer, football, track, tennis, basketball, and in Fall of 2014 opened the doors to a new pool on site. The campus is well equipped with technology where each classroom has a multimedia presentation system including a computer, LCD projector, DVD player and document camera. In March of 2015 the school was completed with wireless access in all classroom and offices. Students have access to eight computer labs, some of which are mobile carts, with additional computers in the library.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

**Age of School/Buildings:**

This school has 52 classrooms, 36 Labs, a cafeteria/multipurpose room, gym, locker rooms, library, bookroom Career Center, reference room, pool, and an administration office. The main campus was built in 2006. The school opened in 2006.

**Maintenance and Repair:**

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority. The school facility is in overall good repair.

**Cleaning Process and Schedule:**

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards are available at the school office, or at the district office. The Principal works continually with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

**Deferred Maintenance Budget:**

The District participated in the State School Deferred Maintenance Program, which provided flexible state matching funds to assist school districts with expenditures for major repair or replacement of existing school facilities components. State contributions to this Program ended in the 2012-13 school year. Deferred Maintenance typically includes paving, roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting and floor systems. For the 2015-16 school year, the district has budgeted \$1.35 million out of the District General Fund carry-over funds for deferred maintenance projects throughout the District. The District also has 1.26 million of carry-over funds in Fund 14 Deferred Maintenance Fund available for deferred maintenance projects throughout the District. Identified needed repairs are weighed against all other District site repairs and the most urgent repairs are addressed first.

Data provided by LEA. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
English Language Arts/Literacy	69	76	53	57	44	48
Mathematics	34	42	22	26	34	36

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### CAASPP Test Results in ELA by Student Group

#### Grades Three through Eight and Grade Eleven (School Year 2015-16)

Student Group	Grade	Number of Students		Percent of Students	
		Enrolled	Tested	Tested	Standard Met or Exceeded
All Students	11	594	580	97.6	76.4

Socioeconomically Disadvantaged	11	235	229	97.5	67.8
Students with Disabilities	11	49	44	89.8	18.2

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. <b>Students with Disabilities</b>	59	52	88.1	61.5

Note: Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### Career Technical Education Programs (School Year 2015-16)

Modesto City Schools has a long history of operating successful Career Technical Education (CTE) programs. Traditionally called Vocational Education, today's CTE programs are rigorous and relevant programs that combine academic knowledge with technical skills and application of learning in hands-on, real life contexts to prepare students with viable skills for today's increasingly complex workforce. Modesto City Schools operates over 30 distinct CTE/ROP programs spread across its seven comprehensive high school sites and ancillary facilities. These programs provide workplace preparation to our high school students, including several programs specifically designed to provide training to students with special needs, as well as workforce training for adults in the community. CTE programs reflect the instructional and learning design of Common Core: problem or project-based learning, development of critical thinking and problem-solving skills, teaming/collaboration, and increased awareness of the expectations of business, industry, and the workplace.

CTE is Common Core. State and national data indicate that students taking a CTE sequence perform better on assessments, graduate at higher rates, and are more successful in both college and the job market. CTE program data are monitored for enrollment trends, participation and completion rates, and performance on Carl D. Perkins grant core indicators. These data are reviewed annually with a wide array of stakeholders at a District CTE Advisory meeting, who give input on program effectiveness and development.

### Career Technical Education Participation (School Year 2015-16)

Measure	CTE Program Participation
Number of pupils participating in CTE	7647
% of pupils completing a CTE program and earning a high school diploma	9
% of CTE courses sequenced or articulated between the school and institutions of postsecondary education	98

### Courses for University of California (UC) and/or California State University (CSU) Admission

UC/CSU Course Measure	Percent
2015-16 Pupils Enrolled in Courses Required for UC/CSU Admission	98.06
2014-15 Graduates Who Completed All Courses Required for UC/CSU Admission	48.2

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject areas of physical education.

### California Physical Fitness Test Results (School Year 2015-16)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
9	21.7	29.4	24.9

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2016-17)

Enochs High school offers several ways to become involved. A parent can come to Coffee with the Counselors, participate in volunteer opportunities which are advertised in the SOAR packet as well as online, and parent organizations such as Band Boosters, Eagles Foundation, Sports Boosters and Grad Bash are available for parent involvement. Counselors are also available to make appointments with as are staff members should they have a concern. The school offers the back to school night, open house, teacher conferences and email address and phone numbers for ease of contacting teachers if needed. Additionally, meeting for parents on how to use Power school, or fill out the FAFSA. Parents request to meet individually or as a group with teachers, counselors, or administrators to discuss components of their child's education. There are scheduled English Learner Parent meetings that cover various topics to communicate and also gives an opportunity for topics that the parents would like cover to be addressed at that or the next ELP meeting. Additionally, there is a TCII translator for the Spanish speaking parents for phone calls, parent meetings, and translating written communications.

**School Safety Plan (School Year 2016-17)**

The Enochs High School Safety Plan is a comprehensive document the purpose of which is to outline protocols, plans, and procedures in place to ensure the maintenance of a safe and harmonious school environment. The plan is updated annually, reviewed with the Site Safety Committee and submitted to Modesto City Schools for review. One important component of the plan is routine drills to refine procedures and ensure readiness on the part of staff and students.

Our Site Safety Plan identifies a number of events for which we hold practice drills. They are:

1. Fire
2. Emergency lockdown
3. Emergency school wide evacuation

In the event that such an emergency occurs, the Principal or designee implements emergency protocols.

## D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.
